

THE WHITE HOUSE  
WASHINGTON

January 8, 1971  
NSC 24365

MEMORANDUM FOR

Dr. Edward E. David, Jr.  
Science Adviser  
Office of Science and Technology

SUBJECT: Aircraft Survey Program

I agree that the aircraft survey program outlined by the Executive Office Working Group should be considered for its national security implications before further inter-agency planning is undertaken.

We will try to arrange a review of this subject by the appropriate Committee late in January or early February.

Henry A. Kissinger
